Assemblyman Dan Burroughs,
209 West 125th St.,
New York City.

Dear Friend:

I am writing to tell you Abe went to Trenton this morning and saw Mr. St. Alban Kite, the Director of Division of Parole for New Jersey. Mr. Kite assured him of the full co-operation of the New Jersey Parole system. He said he could not understand why there had been any hesitancy about taking the boy.

Dr. Leroy Morris of Trenton, a friend of ours, had the Governor's office call Mr. Kite and make the appointment for Abe to see him. I thought by going directly to him, he would get a chance to see the type of people who were asking for the transfer, and it might help some.

Please accept my sincere thanks for your kindness.

Do try and come over to the game Sunday. There will be 4 tickets at the Press Gate, if you want more let me know.

Send me your bill for expenses to date, or bring it over Sunday.

Again thanks a million.

Yours very truly,
